DATED: 26 SEPTEMBER 2025

BY ORDER OF THE BOARD

EXPLANATORY STATEMENT

This Explanatory Statement has been prepared for the information of the Shareholders in connection with the business to be conducted at the Annual General Meeting of Shareholders to be held at 10.00 am (AEDT) on 20th November 2025 at the Rydges Campbelltown.

The purpose of this Explanatory Statement is to provide information that the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions in the Notice of Meeting.

1. IMPORTANT INFORMATION RELATED TO UNDIRECTED PROXIES

If a Shareholder appoints the Chairman of the meeting as their Proxy and does not specify how the Chairman is to vote on a Resolution, except as expressly stated, the Chairman advises that he intends to vote each proxy as a proxy for that Shareholder in favour of Resolutions 1 to 4.

The Chairman intends to vote all undirected proxies against Resolution 5.

In particular, if you elect the Chairman to vote on your behalf as a proxy holder and do not give directions about how your vote should be cast, your proxy will automatically become a directed proxy in favour of the Resolution to adopt the Remuneration Report.

2. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Constitution, the business of the Annual General Meeting will include receiving and considering the Company's annual financial report for the financial year ended 30 June 2025, together with the declaration of the directors, the directors' report, the remuneration report, and the auditor's report.

In accordance with amendments to the Corporations Act, the Company is no longer required to provide a hard copy of its annual financial report to Shareholders unless a Shareholder has specifically elected to receive a printed copy. These amendments may reduce the Company's printing costs.

Whilst the Company will not provide a hard copy of the Company's annual financial report unless specifically requested to do so, Shareholders may view the Company's annual financial report on its website at <https://www.laserbond.com/investor-relations/financial-reports/>

3. RESOLUTION 1 – ADOPTION OF THE REMUNERATION REPORT

The Corporations Act requires that at a listed company's annual general meeting, a resolution to adopt the remuneration report must be put to the shareholders. However, the Corporations Act expressly provides that the vote on such a resolution is advisory only and does not bind the Directors or the Company. Votes will not be cast by those members listed within the remuneration report or a closely related party of such member unless a Proxy appointing the member by writing directs them to do so and said Proxy is not cast by a member listed on the remuneration report or a closely related party.

The remuneration report sets out the Company's remuneration arrangements for the Directors and key management personnel. It is part of the Directors' report contained in the company's annual financial report for the financial year ending 30 June 2025.

At the Company's previous annual general meeting, 99.6% of votes were cast for the 2024 Remuneration Report.

A reasonable opportunity will be provided to discuss the remuneration report at the Annual General Meeting.

4. RESOLUTION 2 – RE-ELECTION OF EXECUTIVE DIRECTOR – MR WAYNE HOOPER (BOARD ENDORSED)

Clause 13.2 of the Constitution requires that if the Company has three or more Directors, one-third (or the number nearest one-third) of those Directors must retire at each annual general meeting, provided always that no Director (except a Managing Director) shall hold office for a period in excess of 3 years,

or until the third annual general meeting following his or her appointment, whichever is the longer, without submitting himself or herself for re-election.

A Director who retires by rotation under clause 13.2 of the Constitution is eligible for re-election.

Mr Wayne Hooper, who has served as a Director since April 1994 and was last re-elected in October 2022, will retire by rotation and seek re-election.

Experience

Wayne Hooper, is a professional engineer with more than 40 years of diverse management and technical experience. His background spans engineering design, maintenance, contracts, large engineering project management and financial analysis, beginning in the electricity generation sector and extending to FMCG production and high-volume manufacturing. Prior to joining the Company in 1994, Wayne held senior marketing roles in the building products manufacturing industry. Since the company's infancy, he has had a hands-on role in driving its growth and adoption of technology. As CEO, he utilised his experience, engineering expertise, financial insight, and effective communication to lead the Company. He is a graduate of the Australian Institute of Company Directors and holds degrees in science, engineering (Honours Class 1), and an MBA.

Board Recommendation

The Board recommends that Shareholders vote in favour of this Resolution.

5. RESOLUTION 3 – RE-ELECTION OF NON-EXECUTIVE DIRECTOR – MR IAN NEAL (BOARD ENDORSED)

Clause 13.2 of the Constitution requires that if the Company has three or more Directors, one-third (or the number nearest one-third) of those Directors must retire at each annual general meeting, provided always that no Director (except a Managing Director) shall hold office for a period in excess of 3 years, or until the third annual general meeting following his or her appointment, whichever is the longer, without submitting himself or herself for re-election.

A Director who retires by rotation under clause 13.2 of the Constitution is eligible for re-election.

Mr Ian Neal, who has served as a Director since May 2022 and was last re-elected in October 2022, will retire by rotation and seek re-election.

Experience

Ian specialises in working with medium sized businesses as a Director or advisor helping them design and implement growth strategies. His professional background is in financial markets, commencing as an equities analyst and moving to various banking positions until establishing Nanyang Ventures. He was a Chairman for The Executive Connection (Vistage) from 2006-2024, where he mentored CEOs and business owners on the challenges of growth. He is a life member of the Financial Services Institute of Australia, a previous National President of the Securities Institute of Australia, and a member of the first Corporate Governance Council that established the Corporate Governance Guidelines. He was a director of Prime Media Group Ltd from July 2008 to May 2021. He holds a Bachelor of Commerce and a Graduate Diploma from the Securities Institute of Australia.

Independence

Ian has provided the Board with a declaration confirming his independence on the Board. The Board assessed this declaration and agrees his independence from management and substantial shareholders continues to be maintained. This is based on his unbiased oversight, lack of conflicts of interests or duties, and commitment to corporate governance. He emphasises his continued ability to ask challenging questions, provide valuable contributions, maintaining work-related interactions only, ensuring objectivity and the protection of shareholder interests. The Board considers Ian's skill set and experience will continue to enhance its ability to perform its obligations.

Board Recommendation

The Board recommends that shareholders vote in favour of this Resolution.

6. **RESOLUTION 4 – APPROVAL OF AN ADDITIONAL PLACEMENT CAPACITY TO ISSUE SECURITIES EQUIVALENT TO AN ADDITIONAL 10%**

ASX Listing Rule 7.1 prohibits a listed company from issuing equity securities representing more than 15% of its issued capital in any twelve-month period without obtaining shareholder approval (subject to certain exceptions).

However, under ASX Listing Rule 7.1A, an eligible entity can seek approval by shareholders by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25%.

An eligible entity for the purposes of ASX Listing Rule 7.1A is an entity that is not included in the S&P / ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity for these purposes.

This Resolution seeks the approval by Shareholders by way of a special resolution to have an additional 10% capacity provided for in Listing Rule 7.1A to issue equity securities without shareholder approval.

If the Resolution is approved, then the Company, within the twelve months after Shareholder approval, will be able to issue equity securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without further shareholder approval.

If the Resolution is not approved, then the Company will not be able to access the additional 10% capacity to issue equity securities without shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without shareholder approval set out in Listing Rule 7.1.

Any securities issued within this limit will be calculated in accordance with the formula in ASX Listing Rule 7.1A.2.

The following information is provided to Shareholders for the purposes of obtaining Shareholder approval pursuant to ASX Listing Rule 7.3A:

- a) Shareholder approval of the additional 10% as per ASX Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained. This approval will cease on the earlier to occur of:
 - the date that is 12 months after the date of the annual general meeting at which the approval is obtained; or
 - the time and date of the next annual general meeting; or
 - the time and date of the approval by Shareholders of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).
- b) The minimum price at which equity securities can be issued will be calculated in accordance with ASX Listing Rule 7.1A.3, which specifically states the issue must be in an existing quoted class of the eligible entity's securities and issued for a cash consideration that is not less than 75% of the volume weighted average market price for equity securities in that class calculated over the 15 trading days on which trades in that class were recorded immediately before:
 - the date on which the price at which equity securities are to be issued is agreed to by the entity and the recipient of the securities or
 - if the equity securities are not issued within ten trading days of the date agreed by the entity and the recipient of the securities, the date on which the equity securities are issued.

- c) The Company may seek to issue the equity securities for cash consideration. As disclosed in ASX announcements and reports, the Company continues to actively pursue further growth opportunities, in particular, to extend the Company's reach internationally. Any funds raised using this additional 10% capacity may be used to fund acquisitions or investments necessary (including expenses associated with such acquisitions or investments) to grow the business and/or additional working capital to fund growth opportunities.
- d) If Resolution 4 is approved by Shareholders and the Company issues equity securities under the 10% Placement capacity, the existing Shareholder's economic and voting power in the Company will be diluted as shown in the table below under point g). There is a risk that:
 - The market price for the Company's equity securities may be significantly lower on the date of the issue of the equity securities than on the date of this approval under rule 7.1A; and
 - The equity securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the equity securities.

- e) The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Capacity.

The identity of the allottees of equity securities will be determined on a case-by-case basis having regard to the factors including, but not limited to, the following:

- the methods of raising funds that are available to the Company, including but not limited to, rights issues or other issues in which existing security holders can participate;
- The effect of the issue of the equity securities on the control of the Company;
- the financial situation and solvency of the Company; and
- advice from corporate, financial and broker advisers (if applicable).

The allottees under this Placement Capacity have not been determined as of the date of this notice but may include new or existing Shareholders who are not related parties or associates of a related party of the Company.

- f) No securities were issued under Listing Rule 7.1A.2 in the twelve-month period preceding the date of this Notice of Meeting for the 2025 Annual General Meeting,
- g) The below table shows examples of possible dilution of existing Shareholders, based on the current market price of \$0.53 per Share and the current number of fully paid ordinary Shares on issue of 117,651,994 as of 19 September 2025.

Variable A as per ASX Listing Rule 7.1A2		Dilution		
		\$0.27 50% decrease in issue price	\$0.53 issue price	\$1.05 100% increase in issue price
Current Variable A 117,651,994 Shares	10% Voting Dilution	11,765,199 Shares	11,765,199 Shares	11,765,199 Shares
	Funds Raised	\$3,176,604	\$6,235,555	\$12,353,459
50% Increase in Current Variable A 176,477,991 Shares	10% Voting Dilution	17,647,799 Shares	17,647,799 Shares	17,647,799 Shares
	Funds Raised	\$4,764,906	\$9,353,333	\$18,530,189
100% Increase in Current Variable A 235,303,988 Shares	10% Voting Dilution	23,530,399 Shares	23,530,399 Shares	23,530,399 Shares
	Funds Raised	\$6,353,208	\$12,471,111	\$24,706,919

This table has been prepared on the following assumptions:

- The Company issues the maximum number of equity securities available under the 10% Placement Capacity.
 - The 10% voting dilution reflects the aggregate percentage dilution against Variable A at the time of issue.
 - The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.
 - The table shows only the effect of issues of equity securities under ASX Listing Rule 7.1A, not under the 15% Placement Capacity under ASX Listing Rule 7.1.
- h) Upon issuing any equity securities, the Company will comply with the disclosure obligations under ASX Listing Rules 7.1A.4.
- i) the Company previously obtained approval under ASX Listing Rule 7.1A at the Annual General Meeting held on 23 October 2024.
- j) At the time of the mailing of the Notice of Meeting, the Company is not proposing to make an issue of equity securities. Therefore, a voting exclusion statement is not required or provided.

7. **RESOLUTION 5 – ELECTION OF MR GREGORY HOOPER WHO NOMINATES HIMSELF AS A DIRECTOR (NON-BOARD ENDORSED)**

The Board unanimously recommend Shareholders vote **AGAINST** this Resolution.

To the extent they own Shares, your Directors will vote all Shares owned or controlled by them AGAINST this Resolution.

Experience

The biographical information in relation to Mr Gregory Hooper is based on the information he has provided in relation to his self-nomination and has not been verified by the Company.

Mr Greg Hooper states that he is a pioneer in surface engineering with over 40 years of experience across advanced manufacturing, thermal spray, additive manufacturing, and precision reclamation technologies. He is a founder behind LaserBond Limited, establishing the company in 1992 (then HVOF Australia Pty Ltd), and serving as its founding CEO and Technical Director.

Greg previously served on the Board until June 2020, subsequently disposing of his shareholding. The Board acknowledges Greg's historical contribution as a founder.

Background and checks

In accordance with the Company's Corporate Governance Policies, the Board has undertaken customary checks regarding the background and suitability of Greg Hooper for appointment as a director. Criminal history checks returned unfavourable results which are not aligned with the good fame and character requirements for directors of public listed companies.

Board renewal and governance framework

As part of its ongoing succession responsibilities, the Board initiated a structured renewal program in 2021 to support the Company's progressive transition from a founder-dominated enterprise to a listed company of significant scale. This program emphasises disciplined governance, role clarity and Board effectiveness, and the protocols adopted remain central to the Company's governance framework.

During this period, the Board has appointed two Independent Non-Executive Directors with relevant listed-company and industry experience, commenced Chair succession (with the Chair not seeking re-election at the end of the current term), materially strengthened the executive leadership team and most recently appointed a new Chief Executive Officer. To facilitate an orderly leadership transition, Wayne Hooper will continue on the Board as Executive Director.

In the context of this renewal program, the Board notes that during his previous tenure with LaserBond, Greg did not support certain governance protocols introduced as the Company matured as a public company. Those protocols – designed to preserve independence of judgement, reinforce Board/management role separation and sustain a constructive Board culture – remain essential to the Company's long-term strategy and to safeguarding shareholder interests.

The Board's succession and renewal program has been executed in an orderly manner to balance continuity with refreshment, ensure the right mix of skills and behaviours at the Board table, and position the Company for its next phase of growth.

Previous approach to rejoin the Board

In mid-2023, Greg approached the Board about rejoining. After a comprehensive process which involved independent directors meeting with Greg and seeking input from key stakeholders, the Board formed the view that Greg's return would pose a risk to the board's effectiveness, employee culture, and operational stability.

The Board unanimously decided not to invite Greg back, having regard to alignment with the Board Charter expectations for director conduct, independence and collaboration, the skills and behaviours required for a non-operational oversight role, and overall organisational considerations. The decision was communicated in person to Greg.

Pattern of conduct

The Company has experienced a pattern of difficult interactions with Greg over the last two years, including defamatory online statements. There were instances of unauthorised attendance on Company premises, often outside normal business hours, which staff viewed as intimidatory. Recorded workplace incidents during his previous tenure informed the Board's WHS risk assessment. The Board treats this conduct as inconsistent with expected director standards.

Board's assessment and recommendation

Having regard to the Company's skill matrix, the current Board composition of Executive and Independent Non-Executive Directors, the skills and behaviours required of directors and the conduct-related risks, the Board has unanimously formed the view that Greg does not align with the profile required for the Company's continued development.

The Board's position is not personal but reflects a careful assessment of governance factors and the requirements for directors who can work collaboratively within proper governance frameworks. The Board believes that Board effectiveness directly impacts shareholder value, and that maintaining the current trajectory requires directors aligned with the Company's governance structure and cultural values.

Accordingly, the Board unanimously believes it is not in the best interests of the Company or its shareholders that Greg be elected as a Director of the Company and unanimously recommend Shareholders vote AGAINST this Resolution
